Mr. Marcy has asked that in addition to present figures we provide those as of 31 December 1967 for the purpose of comparison.

Under the Director's instructions, George Carver is preparing a response providing the Agency (not community) estimates.

b. Following a series of questions by the Chairman and Senators Case and Cooper regarding the costs of various Soviet military programs, the Director was asked if he could provide a detailed breakdown for the record. He responded that "we can see what we can do."

Mr. Bruce Clarke will provide these for forwarding to the Committee staff after he has coordinated with Defense Department their response to a similar request from Senator Hart.
